

## Saturday evening, July 20, 2024 "A Day Interconnected by Divinity" Email Preamble

### Theme: "Spreading WARE-SOKU-KAMI-NARI to all aspects of our mind"

The 'real aspect' is sometimes used to describe the true nature of human beings. Using this term, we can say that WARE-SOKU-KAMI-NARI itself and we, as the real aspect of WARE-SOKU-KAMI-NARI, are divine and perfect beings, no matter which angle we look at them from.

The word and declaration of the truth of "WARE-SOKU-KAMI-NARI" was brought down to Earth from the Divine World in 1994 as a path for us, the human race of Earth, to evolve our consciousness into the "real aspect" itself. About 30 years have passed since then. In my own experience, it was only in the last few years that I finally realized that the essence of humanity is Divinity and that I have no doubt about it.

For the previous twenty years, I could not fully believe in the divinity unitary view of humanity, as I was in a state of consciousness dominated by memories of superficial consciousness and subconscious minds. However, even in that state, I was able to live my life with the words, "Man is originally a spirit from God and not a karmic existence. He lives under the constant guidance and protection provided by his Guardian Deities and Guardian Spirits." as my guiding principle.

In the interim, I kept asking myself who I was, and although I wasn't quite as serious as if my life depended on it, I repeated the declaration of "WARE-SOKU-KAMI-NARI" countless times. The accumulation of these declarations reached a saturation point, and it began to seep out in the second half of the 2010s. It was in the 2020s that it overflowed and became unstoppable.

We who live in 2024 can clearly assert that "WARE-SOKU-KAMI-NARI is the original resonance of a word that simply expresses the essence of humanity." And even if we don't get to the full picture, we are living our lives manifesting a part of ourselves as Divine beings in our thoughts, words, and actions.

To spread the truth that "all humans are divine beings," how we live our lives from this year to the next will be important.

It is said that the divine spirit of Goi-sensei said the following when he was alive in this world.

***"I don't remember creating anyone with a bad heart. I created you all perfectly and completely, so there is absolutely nothing bad about you. It's just that you've taken hold of it and won't let go, but there is nothing bad about you, you are all fading away."***

On Saturday nights, we will be conducting a program to permeate ourselves with Divine Sound by continuously chanting the words "WARE-SOKU-KAMI-NARI" out loud, both quickly and slowly.

What is important is the degree of sincerity you put into your words. Instead of chanting the words unconsciously and mechanically, hold them reverently in both hands, as if preparing them for the presence of the gods, and chant the sound of "WARE-SOKU-KAMI-NARI" as an offering to your soul.

Those who have already internalized the truth of "ware-soku-kami-nari" in every corner of their hearts and manifest it in their thoughts, words, and actions, please send your light of support to those on the verge of reaching that state.

## Saturday evening, July 20, 2024 "A Day Interconnected by Divinity" Opening Remarks

Hello, everyone. Let's start the Zoom Prayer Meeting.

As I mentioned in the invitation email, today, we will spend time allowing the truth of WARE-SOKU-KAMI-NARI to completely permeate our consciousness and raise us to live with the consciousness of God itself. The key to this is how we use our consciousness.

Since birth, from the time we first cry and become aware of our surroundings, through childhood and eventually adulthood and life in society, we all naturally possess consciousness, and most people on Earth use their consciousness energy unconsciously.

What happens when we use our conscious energy unconsciously in the world before returning to the divine world? In this state, we surrender our authority to our memories in our surface consciousness and subconscious mind. If we live this way, we will live your life being swept along by fragmented thoughts, such as "I can't do it," "I hate that person," and "Other people are other people, I am me."

Consciousness is essentially the creative energy that the "source of life" that created the universe has given to humanity equally. However, how we use this "creative energy of consciousness" is left to the will of each individual's Physical Body.

By harnessing the Universal God Consciousness, the creative energy bestowed upon us by the Universal God, we can achieve the state of perfect WARE-SOKU-KAMI-NARI.

This awareness of oneness with God and self not only benefits us individually but also serves as a catalyst for humanity to remember its divine essence and collaborate in creating a world of profound harmony on Earth.

With such the best of intentions, there is no way our hopes will not be fulfilled. Today, through the conscious use of the energy of creation consciousness, we will make this a time to make our awareness of ware-soku-kami-nari a natural part of our consciousness.

First, Prayer for World Peace in both English and Japanese.

When you finish saying it, breathe in as much as possible while thinking, "Dai-jouju!!" in your heart, and move on to the next declaration. At this time, we will use the True Self and the voice of the Physical Body to reach the subconscious mind and let the sound of the divine resonate throughout the entire Soul. If you can't keep your breath, please take frequent breaths so you don't overdo it. We will do this 21 times in a row. Let's get started.**
