## **Saturday evening, July 27, 2024 "A Day Interconnected by Divinity" Email Preamble**

### **Theme: "Awareness of Divinity"**

It is said that all humanity is born with divinity within. The beginning of "How Man Should Reveal His Inner Self" says, "Man is originally a spirit from God and not a karmic existence. He lives under the constant guidance and protection provided by his Guardian Deities and Guardian Spirits."

However, until now, we have lived our lives without necessarily recognizing ourselves as divine beings, living our lives based on values that value feelings of inferiority and superiority toward others.

It could be said that we knew the truth of both "How Man Should Reveal His Inner Self" and "Ware-soku-kami-nari/jinrui-soku-kami-nari" as knowledge, but we were not fully aware that "these truths are things that can be expressed in our thoughts, words, and actions."

The Earth in 2024 is different from 50 years ago or even 20 years ago, and it is an era in which it is easy for everyone to live with a sense of divinity. That is because the seeds of the infinite possibilities of divinity are approaching, and we can reach out and touch them behind the chaotic appearance before our eyes. So, it is easy to shift the way we live.

I wouldn't say I like talking about spirituality, but the coming age of divine civilization can be said to be an age of spiritual civilization. That means that the values and laws of this world will be replaced by those of the spiritual world and divine world without us even realizing it.

We who are living our lives with the role of ushering in such an era need to be more deeply aware than ever before of the divinity that is the essence of our own lives and express this in our thoughts, words, and actions.

On Saturday evenings, we will make the time to imprint a deeper awareness of divinity into our consciousness and form the Divine Spark IN as the very presence of divinity itself. As always, I want to ask those who are already aware of your divinity to give a little push to those on the verge of entering the vast ocean of divinity.

## **Saturday evening, July 27, 2024 "A Day Interconnected by Divinity" Opening Remarks**

**Hello, everyone. Let's start the Zoom Prayer Meeting.**

**Today, we will be working on how to perform the Sign of Divine Resurrection with the awareness that we take the Divine for granted: "We are the Divine Being itself and nothing else," "We who are Ware-Soku-Kami-Nari see the essence behind the manifestation and pray Jinrui-Soku-Kami-Nari," "We, as Divine Beings, send the Light of Divine Resurrection to Nature, all living creatures, and humankind. As Divine Beings, we send the Divine Spark IN to nature, all living creatures, and humanity.**

**This initiative is based on the content of the July 22nd phone message. The main points of the message are as follows.**

**\*Those of you making the Divine Spark IN are outstanding people in terms of humanity, but some despise and judge yourselves.**

**\*In such cases, they forget their divinity and hold on to negative thoughts such as "I am not good enough," "I am not good enough," "I am not good enough," or "I cannot do it," but these are just habitual thoughts and are not the true self.**

**\*The ordinary thoughts of those correctly aligning themselves with the Divine Spark IN are the following.**

**\*"I can do it," "I am Divine Being itself," "I have the power to endure any suffering," "God has given me unlimited power.**

**\*But if we do not recognize our divinity, we will repeat our habitual thoughts, repeat the same mistakes, and fall into a vicious cycle of blaming and judging ourselves.**

**\*When the Divine Spark IN is perfectly formed, an immensely powerful Divine Light comes in from Universal God.**

**\*But if you are doing it with a consciousness that has forgotten Divine Consciousness, even though you are performing the Divine Spark IN, the light of the Universal God that comes down from the Divine Spark IN will be dimmed.**

**\*What is necessary to perform Divine Spark IN perfectly is to have unquestioning faith in one's divinity and to perform IN with that awareness of divinity.**

**Until now, many people have had the vague impression that they can get by as long as they perform the Divine Spark IN in any state of consciousness.**

**This time, however, we were told that by further strengthening the light of the Divine Spark IN, we could raise our level of consciousness through the love of the gods who wish to save all things on earth.**

**That is the standard that when we form the IN, we must have self-awareness of the divinity itself and form the Divine Spark IN with that awareness. In this way, by forming the IN with the awareness of the divinity, the light of our IN will be no less than the light of our divinity.**

**To be able to do this, it is important to practice constantly, even during our daily life when we are not praying or doing IN, to express the thoughts, words, and deeds of the divine.**

**That is because, if we only do it when we make the Divine Spark IN, there is no way that we can truly believe that "I am the Divine itself.**

**Therefore, although we will not do it today, it is important that we chant the words "Ware-Soku-Kami-Nari" and "All is Perfect, Great Fulfillment" whenever we have free time.**

**These practices are so important because during the five minutes, ten minutes, and twenty minutes of chanting, there is no room for other thoughts to enter the mind, and the mind and body become accustomed to the vibrational sphere of the divine.**

**When these efforts reach a critical point, the light of the Divine exudes from within us and eventually overflows, enabling us to make the Divine Spark IN with a divine, unwavering awareness.**

How can we, who live such a sublime life, fail to recognize our own divinity? Today, I want to establish in your consciousness a clear axis of mind that says, "I am the divine being itself," and I want you to make every day, every hour, every minute, every second, and every moment from now on a time to switch to a life in which you live with an awareness of the divine.

First, Prayer for World Peace in both English and Japanese.
