
Saturday evening, November 9, 2024 “A Day Interconnected by Divinity” Email Preamble

Theme: " How to Face Yourself as You Progress in Fading Away "

I have heard from many people who have been “Believing it is a fading away and praying for World Peace” for many years, but they feel that it does not seem to be going away. In addition to this, I have reflected on the history of my own mental itinerancy and have noticed certain trends in the paths I have taken and the mental states of the people I have met.

Here are seven of those tendencies and their countermeasures.

1. **Not fully believing in God's view of human beings as children of God.**

"Man is originally a spirit from God, and not a karmic existence. He lives under the constant guidance and protection provided by his Guardian Deities and Guardian Spirits." Replace “Man” with “I, XXXX” and say it out loud, over and over again, and write it down, and you will really believe it.

2. **Practicing with a vague longing thought, “I wish it would disappear.”**

Two weeks ago on Saturday night, I said, “Let us determine whether our desire for Divine Revival is a sincere desire or a yearning desire. In that case, as Shohei Otani said, as long as you look up to Divine Revival, it will never come true. You must abandon your longing and seriously entrust your destiny to the Guardian Deities and Spirits. Then, with the awareness that you have entrusted your entire destiny to the Guardian Deities and Spirits, you can overturn your beliefs by “Think as disappearing it and Prayer for the World Peace.”

3. **“Fading away” is used in a misguided way.**

If you use the term “fading away” only in reference to the state of others or society, and do not focus on the tendency of your own thoughts, the “fading away” that the Guardian Deities and Spirits manifested to erase will not disappear. The “fading away” that the guardian spirit manifests to erase does not disappear. In this case, the solution is to keep looking at what is the “true fading away” (by aiming at the target) and keep practicing (by shooting the bow and arrow), just as in archery and other target shooting sports.

4. **Accepting the thought of give up, “I have the will to do it, but it won't last.”**

Some people believe that the time has not yet come for the soul to flourish, but if you are content with such comfort, you may find that you are the only one who has not changed, even if the world is at peace. If you will only light a fire in your heart and become serious, you can connect with the guidance of Guardian Deities and Spirits, make the fading away disappear, and live a life that expresses the divine in thought, word, and deed.

5. **Thinking that “fading away” as you can erase it yourself.**

The “fading away” is something that is erased by the Guardian Deities and Spirits, not something that can be erased by our ego. If we approach this with a mind of total surrender to the Guardian Deities and Spirits, saying, “This is how they are erasing my fading away, and I am grateful for that,” we can easily erase the “fading away” that we guessed would be difficult.

6. Neglecting biased thoughts

Biased thoughts are habits of thinking that are far from the divine, such as assumptions, obsessions, judgments, misperceptions, and attachments, which are the main cause of fading away. To neglect biased thoughts is the same as closing your eyes, covering your ears, and pretending not to see your own fading away. Facing the facts in the back of your mind is not always a pleasant experience, but by practicing seeing them not with emotional thoughts but with divine awareness and compassion, you will be able to calmly let go of the “fading away” that appears as a habitual thought. You will be able to let go of the “disappearing figure” that appears as a habitual thought.

7. Not practicing yourself “Forgive yourself and love yourself

If you are in a state of mind where you cannot forgive or love yourself, it can be said that you are unaware of the cesspool of self-denial and self-limitation created by the ego here and there in your mind. In such a case, by loving, embracing, forgiving, and loving ourselves with motherly love, our self-denial and self-limitation will fade away, and we will be able to forgive and love ourselves naturally.

A world in which everyone is connected with the divine is the world of our near future, which is unfolding ahead of our daily, steady practice.

In addition, when the people of the world come to face the Divine Revival, there will come a time when they face themselves, without exception. By that time, everyone, regardless of the color of their eyes or skin, will be practicing "Think as disappearing it and Prayer for the World Peace."

At that time, we exist as a living senior master of “Think as disappearing it and Prayer for the World Peace”, and as an example of “This is what happened as a result of practicing this way of life”.

Saturday night will be a time for us to imagine ourselves in the near future and share our awareness that will be the cornerstone of our way of life at that time.

Saturday evening, November 9, 2024 "A Day Interconnected by Divinity" Opening Remarks

Hello everyone. We will start the Saturday program, "A Day Interconnected by Divinity."

Today, as I mentioned in the e-mail, each of us, as a result of our continuous practice of “Think as disappearing it and Prayer for the World Peace”, we will live gloriously as divine humanity on earth, working together with the gods and the cosmic angels who guide the divine world. We will take time to visualize ourselves in the near future as Shinjin, living a glorious life together with the gods and cosmic angels who guide the earth world. After that, as always, we will form the Divine Spark IN together with you, with our consciousness from the perspective of the Divine, and we want you to join us.

We will begin with a Prayer for World Peace in Japanese and English.

1. Prayer for World Peace

(Japanese)

Sekai-Jinrui ga, Heiwa de arimasu-youni

Nippon ga, Heiwa de arimasuouni

Watakushi-tachi no Tenmei ga, mattou saremasu-youni

Shugo-rei-sama, arigatou gozai-masu. Shugo-jin-sama, arigatou gozai-masu.

(English)

May peace prevail on Earth.

May peace be in our homes and countries.

May our missions be accomplished.

We thank you, Guardian Deities and Guardian Spirits.

2. Time to Gratitude for fading away

Hai, thank you. Next, “gratitude for fading away”. When we hear the phrase “fading away,” we tend to associate it with a negative image. However, from another perspective, it can be said that it is because of these experiences that we have been able to refine our souls, raise them, and grow.

So now, in the form of reading the words on the slides, we will make this a time to send a light of grand gratitude to all of you fading away who have mistakenly thought that we are the cause of your inability to live a divine life. Let's get started.

To all of you fading away, thank you.

We owe you all a debt of gratitude for opening the door to Divine Revival.

Thank you, various assumptions.

Thank you for your various misconceptions.

Thank you, all of you for your assumptions.

Thank you for your various obsessions.

Thank you for your self-preservation.

Thank you for your thoughts of attachment.

Thank you, all kinds of grasping.

We have let go of all beliefs.

We have let go of all misunderstandings.

We have let go of all assumptions.

We have let go of all obsessions.

We have let go of all self-preservation.

We have let go of all attachments.

We have let go of all grasping.

When the fading away appears in our lives, we can look down and let it go with divine awareness, without grasping it with our emotional thoughts.

We have grown because of you.

Whatever fading away appears, from now on we will not hold you back.

We send you off with gratitude.

We hand you over to your Guardian Spirits.

Thank you, fading away.

Thank you, Guardian Spirits.

Thank you, Guardian Deities.

3. Time to imagine us in the near future

Thank you very much. Next, let us take a moment to imagine us in the near future. Each of us is living here in the year 2024, as a forerunner of the Divine Revival movement that will sweep the earth in the future.

We also live as the leaders of the leaders of the leaders of humanity, the indispensable people, as the forerunners of the “Think as disappearing it and Prayer for the World Peace”.

We have also saved the earth from the brink of destruction through the Divine Spark IN that we are daily working on. We have also do our work as an alarm clock for the heart that awakens the Divinity that is inherent in each of us.

We also continue to send healing energy to all nature and all living things that we, humanity, have polluted, damaged, and driven away, as well as energy to halt the collapse of the natural environment and to restore nature, living things, and humanity to the way they should be.

We are an example and a model for the world humanity to follow. A few role models are not enough. Because there are so many different qualities in the world's humanity, there is a need for as many role models as possible to accommodate them.

That is why we exist. Each of us here has a different personality. We have different ways of thinking. We have different ways of living. However, our differences are the path for all humanity in the world, with its various characteristics, to awaken to the truth. Our existence is the path that humanity will take in the future.

When I think about this fact again, I realize that each one of us should have more confidence and conviction in this fact and continue to refine and improve ourselves, both at this moment and in the future.

Soon, a truth-based consciousness will surface in the hearts of many people around the world: “We want to live in a World Peace,” “We don't want a world of conflict anymore,” “Let's change our self-centered way of thinking to a more compassionate one,” and so on.

At that time, some of them will ask, “But how can we do that?” and they will lose their way. That is when we, who have been like a lighthouse in the darkness, illuminating the future, and who take the divine way of life for granted, will come into play. We are all old souls who have experienced all of humanity's current troubles, all of its sufferings.

I once asked my Guardian Spirits why there are so many elderly people among those who have awakened to the truth at this most important time for the evolution of the earth. The answer was, “Because there is no one better suited than elderly people to be the forerunners of peace, who have experienced both sweet and sour times, and have settled down in their hearts.

When I hear such people say, “I used to be able to do it, but now I can't anymore.” I always encourage them by saying, “But there are many things you can do or understand now, aren't there?”

When we look at ourselves, we are either making the most of that moment or wasting it, depending on whether we look at ourselves from a positive or a negative perspective, but I guess even this is the process of each of us fulfilling our true Divine Being.

I would like you to close your eyes and imagine the state of consciousness in which the divine has been restored, which we have been praying for not only in this life but also in our past lives, and picture yourself in the near future, living the divine life, shining in various situations.

<Play music - 5 minutes>

4. Divine Spark IN

Next is the Divine Spark IN. When I say "Hai," please join a declaration with me and then do it. We will perform 3 sets of 7 repetitions in a row. Let's get started.

<First declaration>

We send the Universal God's light while embracing the great nature.

[Divine Spark IN seven times in a row]

<Second declaration>

We send the Universal God's light while embracing all living things.

[Divine Spark IN seven times in a row]

<Third declaration>

We send the Universal God's light while embracing all of humanity.

[Divine Spark IN seven times in a row]

That's all.
